Cell Phone: _____	Best time to call this #: _____

High School Information

Name of high school: _____	
Address: _____	
What is your relation to the high school?	_____
What grade level(s) are the students?	_____
What science courses are they currently enrolled in?	_____
What science courses have they taken previously?	_____
Have you attended any previous CityLab sessions?	_____
If so, when?	_____
If so, what curriculum was taught at the session?	_____

High school California School Dashboard
ELA and Math scores (distance from level
3) or API score

Is the high school Title 1?

Please take note of the information before answering the following questions:

Minimum 35 students, Maximum 50 students (Including teachers, and chaperones)

*****Please do not overestimate this number*****

*****If your student count drops to below 50% of the original estimate on your application, your session may be postponed.*****

We provide busing based on funds from grants. Using those funds requires us to use UCLA approved vendors such as BruinBus and Fastdeer. Bus orders through these vendors are not always the most reliable, so we apologize if any issues arise regarding transportation and we thank you in advance for your patience

How many students do you anticipate bringing, if accepted?

Would you like to be placed on our waitlist? If another school can no longer attend their scheduled session, we will contact you based on your indicated availability. You must be able to attend the same session chosen by the previous school.

Do you prefer to provide your own means of transportation (e.g., carpool), or would you like us to provide buses?

There is limited space available; please apply with the intent to follow through with the number of high school students indicated on the application. We appreciate your cooperation so that we may utilize our resources efficiently.

You may apply for multiple sessions, but will only be selected for ONE session. See the table below to indicate sessions you can attend.

CityLab Module Information

Please mark an X on the CityLab Sessions you can attend.
(You will only be considered for the sessions that you choose to apply to; there is no penalty for applying to all sessions only better chances of being accepted to a session)

October 28, 2023 - ELISA

November 11, 2023 - Forensics

December 2, 2023 - DNA Fingerprinting

Short Answer Questions

Why do you want to participate in CityLab?

How would you incorporate CityLab into your curriculum?

What type(s) of lab(s) have the students conducted? (for example: gel electrophoresis, microscopy, titration, etc.)

Is there any material that we can provide you with before or after the session to help you incorporate the session into your curriculum?

Are other teachers at your school also interested in bringing their students to CityLab along with you? If so, please elaborate.

Are there other science topics you would like to see taught at CityLab besides what the program currently offers?

This application will not be processed unless the following boxes are read and initialed.

____If I am scheduled for a session, I understand that I must email a list of high school students who will be attending the CityLab session **at least two weeks before my scheduled session.** I understand that failure to do so may result in a canceled session. I will email this list to Justin Amakor and Lucy Yin (CityLab Directors of Programming) at citylabprogramming@gmail.com.

____I understand that CityLab will be working with BruinBus, TumbleWeed, and Fast Deer Transportation (this is subject to change, but you will be notified as soon as possible if it does). If I prefer a different transportation company, I will let CityLab know **at least 2 weeks before my scheduled session.** I understand that failure to do so may result in a canceled session.

____If selected to attend CityLab session you must inform us by **Friday September 15, 2023** to accept or decline the offer to attend CityLab. All you have to do is email us whether you can attend or not after you receive our acceptance email. If you fail to do so it may result in your spot being forfeited to another school.

Preliminary Saturday Itinerary	
8:00-8:15 AM	Bus Arrives to School
8:35-9:00 AM	Arrival at UCLA
9:00 AM	UCLA Campus Tour
9:40 AM	Session Begins - Welcome & Morning Introductions
10:00 AM	CityLab Modules and Presentations
12:00 PM	Laboratory Experiment + Activity
1:35 PM	Lunch
2:25 PM	Postlab Results
2:45 PM	Final Remarks
3:00 PM	Departure on Buses

We will email you at the latest by **Monday September 11, 2023** to notify you of your application status. If you are scheduled for a session, you must send in a list of committed high school students **at least 2 weeks prior to your session date.**
